Query

A black car, approximately 1.3 meters tall and 4.1 meters long, is parked on the left side of the road next to the house to my north-west, within 20 meters of my location. It is the first car in the row and facing away from me with its rear end positioned behind the second car on the left side of the road.

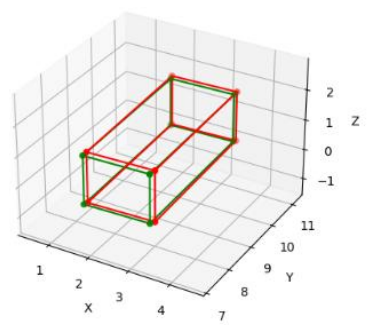

Focus

Query

At a distance of approximately 10 meters from me, there is a grey car parked on the left side of the road, facing towards me. It measures around 1.4 meters tall and 4.1 meters long and is the first car on the left. The car is situated to the right of the car next to the house on the right side of the road and located to the northwest of my position by about 20 degrees.

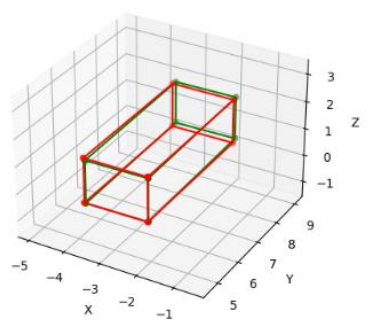

Focus

Query

Located on the right-hand side of the road at a distance of approximately 10 meters in my north-northeast direction at a bearing of 20 degrees, the first car in the lineup is a black vehicle measuring about 3.9 meters in length. It is parked between a white truck and another black car, with the obstruction from the truck partially blocking its view. The car's facing direction is away from me and it is currently in a parked state.

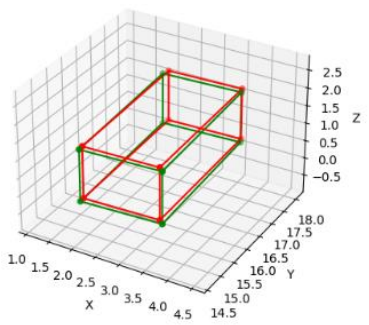

Focus

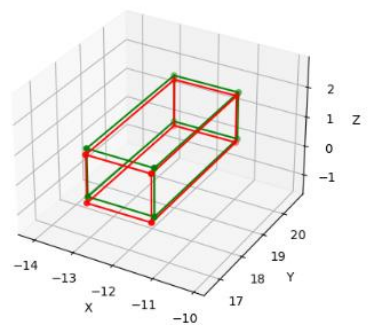

Query

On the left side of the road, there is a black car within a 10-meter distance from me. It is the first car on the left, measuring roughly 1.6 meters in height, and positioned about 20 degrees northwest of my location. Facing directly towards me, it is located to the left of a white truck on the right side of the road.

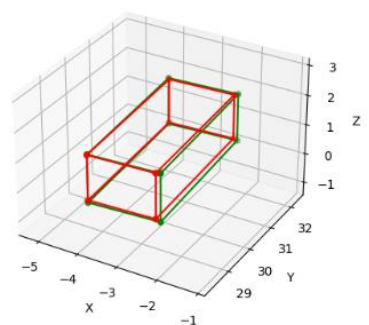

Medium

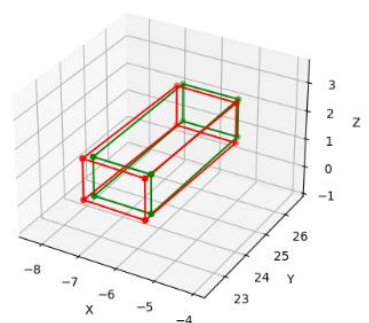

The black car, approximately 3.2 meters long, is parked on the right side of the road about 10 degrees north east of my position, at a distance of 10 to 20 meters. It is the second car on the right and its back is facing towards me. The car is located in front of the first car on the right side of the road, mostly obscured by it.

Positioned in the left-hand lane, the first car I see is a white vehicle that is approximately 3.8 meters in length. It is situated about 20 meters away from me, oriented at an angle of approximately 30 degrees north-west from my position. The car is traveling straight ahead and its back is turned towards me.

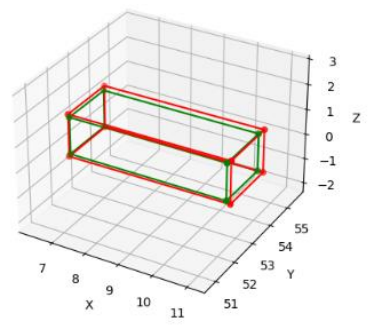

Positioned approximately 30 meters away from me towards the northwest, on the left side of the road in front of me, is a black car that is parked and facing away from me. It is situated to the left of the second car on the right side of the road.

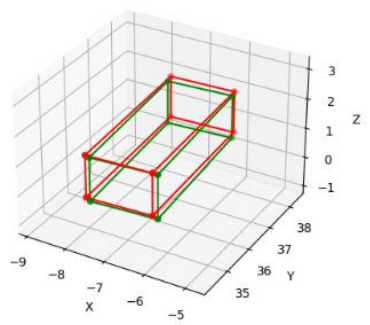

The second car on the left side of the road, about 10 degrees to my north-west, is a red car. It is parked 20-30 meters away from me, behind the first silver car, and is facing towards me. The car is roughly 1.4 meters tall and 4.0 meters long.

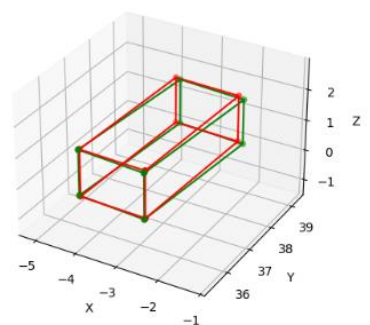

Far

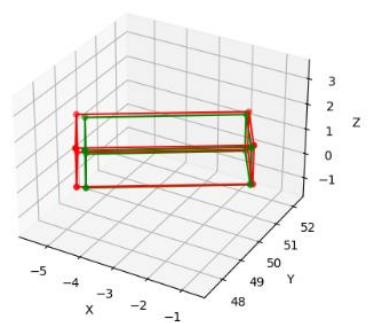

The car parked in the front right space of the road, about 50 meters away from me, 10 degrees north-east of my position, is blue and measures approximately 4.7 meters in length. It is situated behind the second vehicle on the right-hand side of the road and currently stationary, facing left.

The only car in front of me is a white vehicle measuring around 1.4 meters in height and 3.8 meters in length. It is situated around 10 degrees northwest of my current location, at a distance of approximately 30 meters. The car is oriented towards me, facing in my direction.

A black car, standing at about 1.5 meters tall and measuring roughly 3.8 meters in length, can be seen in the northward direction on the left-hand side of the road. The car is situated around 30 to 40 meters away from me and is facing towards me. It is the third vehicle in line and is currently stationary.

Turning left at the intersection ahead with a traffic light is a black car that measures roughly 4.2 meters in length. It is located about 50 meters to the north of me and positioned to the left rear of the first black car that is turning right.
